

The Power of Unified Classroom[®]

Only **Unified Classroom** connects curriculum mapping, learning and assessment management, special programs, CCLR (college, career, and life readiness) tools, and behavior support all in one place—**regardless of your preferred student information system (SIS)**.

Clearly Track and Measure Student Progress

Unified Classroom[®] Curriculum and Instruction equips your teachers with a **complete digital curriculum mapping and lesson planning solution** built to improve student outcomes. With centralized access to shared curriculum and ready-made lesson plans, teachers can collaborate in real time and connect the curriculum directly to their lesson planner for more streamlined horizontal alignment.

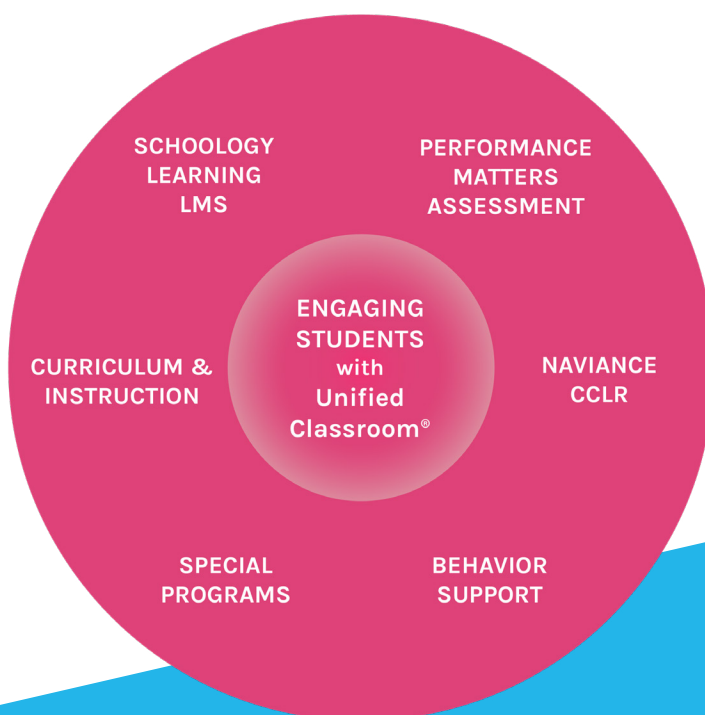

Unmatched Experience for Elementary Learners

With tools like Enhanced Elementary Experience and Critters to promote positive behavior, you can **better support younger learners in an age-appropriate interface** designed to reduce overall cognitive load. Teachers can also evaluate the progress of younger learners with Observational Assessments and even help students develop college, career, and life readiness skills with age-appropriate tools that help them explore options for future success.

Superior Communication and Collaboration

With Unified Classroom[®] Schoology Learning, **users can connect, collaborate, and share materials**. You can build out Groups, Resources, and Discussion features to facilitate communications for sports teams, clubs, parents' groups, PLCs, and more.

Accessible and Inclusive Personalized Learning

Using Unified Classroom® Special Programs, you can manage special education, IEPs, Section 504, English language learning (ELL), gifted and talented programming, and service capture—all with the convenience of remote, anytime access. Expand access and boost achievement and completion for every learner in your organization.

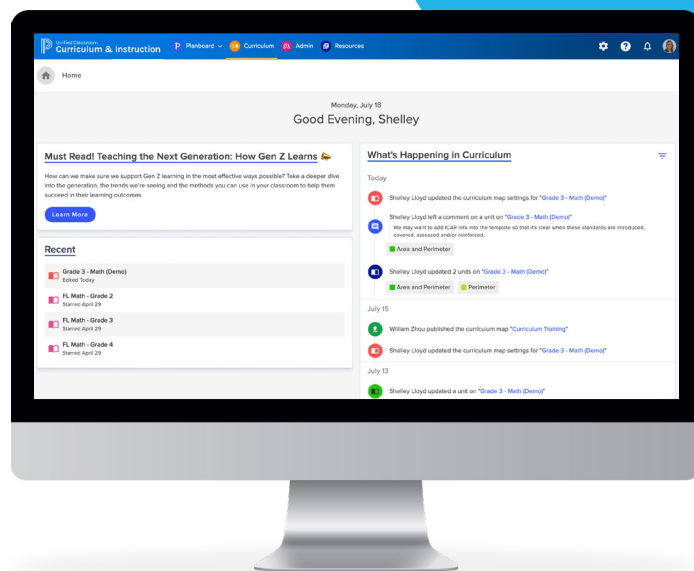

Equitable Social and Emotional Support

Unified Classroom® Behavior Support helps you manage positive behavior support and interventions (PBIS) and social and emotional learning (SEL)—a combination that can improve student well-being and school culture and help achieve more equitable outcomes. Leverage a proactive strategy to provide a safe and supportive school climate. Set consistent school-wide expectations and assess climate and culture needs.

Effective College, Career, and Life Readiness Programming

Naviance can help ensure that students of all ages have the tools to explore options for lifelong success. Implement holistic counseling in a single platform where students, families, and staff can collaborate to build and track students' plans for future success.
